

...an enriching and challenging education with a global outlook.

MISSION STATEMENT

At the International School Brunei, we welcome all students into a warm and caring community and offer a quality education that recognises their individual needs

We provide an international education based on a modified National Curriculum of England and the International Baccalaureate

We encourage all students to participate in a wide range of extra curricular activities and community programmes

We value and build upon the uniqueness of every student and seek to develop creativity and innovative thinking

We consider ourselves to be a family of students, staff and parents and encourage interaction across all sections of the school

We foster independent thinking and learning to prepare students for a changing world

We reward both individual and collective achievement

We provide an environment where students are actively engaged in the process of debate and review

We seek to prepare students for life-long, independent learning

We nurture respect for, and a responsible attitude towards, school, society and the environment

We provide a safe, healthy and secure school environment

We instil a belief in, and a respect for, fair and ethical practice

We promote host country and cross cultural awareness, tolerance and diversity

We encourage social and environmental awareness
